Key Information for Senior School Scholarship Application 2024-25

Cranford is committed to seeking out and rewarding gifted pupils with Bursaries and Scholarships to ensure the largest number of talented pupils can benefit from a Cranford education.

In particular, it aims as far possible to focus its support on pupils for whom the chance of a Cranford education would be a transformative, life-changing prospect. If your child would benefit from the educational experience which Cranford is able to offer, but your family is not in a position to cover the full fees, you may be eligible for a Bursary or Scholarship.

Bursaries and Scholarships are available to any pupil as part of the Year 7 entry process into Senior School.

Scholarships enable us to recognise and celebrate gifted and talented pupils, so they are awarded purely on academic, sporting, artistic, dramatic or musical merit and take no account of family circumstances. Scholarships are awarded for the duration of a pupil's school career, up to the end of Year 11, subject to the Headmaster's satisfaction with performance. Should a pupil's performance fall below the required standard, their scholarship can be rescinded at any time. If notice is given to withdraw a pupil from the School, the Scholarship will be withdrawn and full fees will be charged for the duration of the notice period.

Applying for a Bursary:

Parents wishing to apply for a Bursary should ensure their child is registered with the school in the first instance and then email a request to: admissions@cranfordschool.co.uk.

Senior School Scholarships

Laurence Scholarship

The Laurence Scholarship is named in memory of the School's founding Headmistress and provides us with an opportunity to recognise and reward strong academic potential. This Scholarship is awarded to the pupils achieving top marks at assessment in English and Mathematics on Assessment Day. Pupils do not apply for this Scholarship.

Headmaster's Scholarship

This is awarded to pupils who have demonstrated excellence in sporting, musical, artistic or dramatic endeavours in their school career to date, in conjunction with their performance on Assessment Day. Pupils must apply for this Scholarship and be available to attend our Scholarships & Assessment Day on 12 November 2024 in order to be considered. Pupils being considered for this award will also be considered for an Exhibition.

The value of Scholarships varies, but generally they are of a small monetary value and emphasis is placed on the honour of receiving the award rather than the amount given.

A Scholarship may be supplemented by a Bursary up to the value of full fees at the discretion of the Headmaster. All Scholarships are awarded at the discretion of the Headmaster.

Exhibitions

A small number of Exhibitions may be awarded in Music, Drama, Art and Sport. These are of small monetary value and take the form of lessons, equipment or coaching in specialised subject areas. They are primarily offered in recognition of excellence. The award of Exhibitions will be assessed from amongst the Scholarship applicants on the afternoon of Assessment Day in November. It is expected that pupils in receipt of a Music, Drama, Art or Sport Exhibition will play a full role in the extra-curricular life of the School.
