Procedures:

- Staff work in partnership, or in tandem with, local and national agencies to promote the well-being of children;
- Procedures are in place for sharing of information about children and families with other agencies, should the need arise. These are set out in our **'Whole School Policy for Confidentiality, Record Keeping, Parental Access to Records and Sharing of**

Information (Including EYFS)', 'Whole School Safeguarding and Child Protection Policy' and 'Whole School Safeguarding and Child Protection Procedures';

- Any information shared by other agencies with the School is regarded as third-party information and is processed in compliance with the UK GDPR. Such information is also kept in confidence by a small number of staff on a 'need to know' basis [and not shared without the consent of that agency];
- When working in partnership with staff from other agencies, we respect their professional roles and ensure that they are welcome at the setting. We follow the protocols for working with agencies, for example on child protection;
- Staff from other agencies will not have unsupervised access to the child they are visiting at the setting, unless the School has conducted our own DBS check on the member of staff. The individual will not have access to any other child/ren during their visit, unless in exceptional circumstances. The School will work in partnership with other agencies to review each case on its own merits within its own context;
- Staff are aware of their responsibilities for maintaining confidentiality under the UK GDPR and therefore do not share information internally or externally (unless for safeguarding reasons with the Designated Safeguarding Lead);
- Where necessary, we will consult with local and national agencies who offer a wealth of advice and information which helps us develop our understanding of any issues we might face and who can offer support and information for parents. Possible examples of this might include: ethnic/cultural organisations, drug/alcohol agencies, welfare advisers or organisations which promote childcare and education;
- All the undertakings above are subject to the overriding commitment of the School to the safety and well-being of the children in our care.
